

TECHINJECT

RS Developers

Website questionnaire

A simple list of the information and assets we need to build your website.

HOW TO RESPOND

You do not need to fill this PDF in. Just reply to these questions in a separate document or WhatsApp/email, and share the requested photos, videos and files through Google Drive.

YOUR VISION. OUR CONSTRUCTION.

The website will be a clean, professional static website focused on your business, services, projects, credibility and contact details.

Brand & company essentials

Please send the original files wherever possible.

Please share:

- Original RS Developers logo — preferably SVG, AI, PDF or high-resolution PNG.
- Any light / dark logo versions or icon-only version, if available.
- Existing brand colours or fonts, if already defined.
- Company brochure, company profile, visiting card or any existing brand material.
- High-resolution photographs of the founder / owner, if available.

Questions

- 01 What is the full business name you want displayed on the website?
- 02 Should we use “Your Vision, Our Construction” as the main tagline?
- 03 What is the official email address?
- 04 Please confirm the primary phone / WhatsApp number.
- 05 Please confirm the complete office address.
- 06 Please share the Google Maps location / pin.

Tell us about RS Developers

Short answers are completely fine. We will turn them into website copy.

- 07 How many years has RS Developers been in business?
- 08 Approximately how many projects have you completed?
- 09 Which cities / areas do you currently serve?
- 10 What type of projects do you mainly specialise in?
- 11 What makes RS Developers different from other builders / contractors?
- 12 What are the 3–5 things you most want customers to associate with RS Developers?
- 13 What is the typical process from a customer's first enquiry to project handover?
- 14 Do you offer any warranty, maintenance or post-handover support? If yes, please explain briefly.

DON'T OVERTHINK IT

Bullet points, simple sentences or even a voice note are absolutely fine. We are collecting information, not asking you to write the website.

Services we should feature

Please list the services you currently provide and want customers to know about.

Examples from the current material:

- Residential construction
- Commercial construction
- Industrial construction
- Interior works
- Turnkey projects

Questions

- 15** Please give us the complete list of services you currently offer.
- 16** Which 3 services are the most important for the website?
- 17** Do you provide complete turnkey execution from planning/design to handover? Please explain.
- 18** Are there any services shown on the current poster that you do NOT want on the website?

Your project portfolio

Real project photography is the most important visual content for this website.

For each of your best 5–10 projects, please provide:

- Project name / client name, if you are comfortable displaying it.
- Location.
- Project type — Residential / Commercial / Industrial / Interior.
- Approximate size / built-up area, if known.
- Year completed or current status.
- What RS Developers handled.
- Any interesting detail, challenge or feature worth highlighting.

Questions

19 Which 5–10 projects should we feature on the website?

20 Are there any projects you definitely want featured first?

21 Are there any projects / clients that should NOT be shown publicly?

PROJECT MEDIA

Please upload the original project photos and videos to Google Drive. Phone-shot media is completely fine; original files are preferred over WhatsApp-compressed versions.

Google Drive upload

Please create one Google Drive folder called “RS Developers Website” and share the folder link.

Please upload whatever you have:

- Best completed project photographs.
- Exterior photographs.
- Interior photographs.
- Construction-stage photographs.
- Before / after photographs.
- Project walkthrough videos.
- Construction-site videos.
- Founder / owner photographs.
- Team photographs.
- Office photographs.
- Existing promotional videos / reels.
- Any other images or videos you feel represent the company well.

Suggested Google Drive structure:

- 01 — Logo & Brand
- 02 — Founder & Team
- 03 — Residential Projects
- 04 — Commercial Projects
- 05 — Interior Projects
- 06 — Industrial / Other
- 07 — Testimonials & Credentials

22 Please share the Google Drive folder link.

Founder, team & credibility

These are optional, but they can make the website significantly stronger.

23 What is the founder / owner's full name and designation?

24 How many years of professional experience does the founder / owner have?

25 Please provide a short introduction / background about the founder / owner.

26 Do you have 3–5 genuine customer testimonials we can use? Please share them.

27 Do you have any awards, certifications, registrations, memberships or recognitions we should mention?

Please also upload, if available:

- Founder / owner professional photograph.
- Team photographs.
- Office photographs.
- Awards / certificates / credentials.

Public contact & social details

Please confirm the information that should appear publicly on the website.

- 28** What is the preferred way for a customer to enquire — WhatsApp, phone call, website form or something else?
- 29** What are the working days and hours?
- 30** What is the Instagram profile link?
- 31** What is the Facebook profile link?
- 32** What is the LinkedIn profile link, if any?
- 33** Are there any other websites or online profiles we should link to?
- 34** Is there anything specific you want the website to say, show or highlight?

THAT'S IT

You can reply to these questions in a separate document. There is no need to format the answers — simple numbered answers are perfect. Once we have the answers and Google Drive folder, we'll take it from there.

What to send us

One simple response + one Google Drive folder is all we need.

Please send:

- Answers to Questions 01–34 in a separate document.
- Original RS Developers logo and any other brand files.
- Founder / owner and team photographs.
- 5–10 best project photo sets.
- Project videos / walkthroughs, if available.
- Office / site / team photographs, if available.
- Testimonials, awards and credentials, if available.
- Google Drive folder link containing the media.

NO TECHNICAL WORK NEEDED

You don't need to prepare website copy, design anything or organise the information perfectly. Just send us what you have. We'll handle the website structure, copy, design and presentation.
